

# 2020 —

The year set a new benchmark for challenges: disease pressure, rain and cold weather during flowering and fruitset led to in bunch variability. It was the coldest year since 2005. A protracted veraison and long ripening phase kept us on the back foot — the one bonus being how clean and tasty the fruit was! COVID-19 lockdown arrived with our first day of harvest. Even with all that adversity, the small berries were bursting with flavour and acidity.
